BOY VIOLATOR OF ORDINANCE ALLOWED LENIENCY IN COURT

Owing to his youth and in view of the fact that he was ignorant of the ordinance, a boy was allowed leniency in court for violating the ordinance regarding the keeping of horses when left standing on a street, 15-year-old Mike Chocko of Boston, was released from custody after arraignment before Judge Wilder in city court this morning.

Chocko came to this city yesterday afternoon with a wagon load of vegetables to dispose of on Hallett street. He failed to hitch his horse and the animal, when frightened by some children playing in the street backed, and the rear wheels of the wagon passed over the right arm and right leg of four-year-old Mary Michalki. She was bruised but not seriously injured.

NO MONEY AVAILABLE FOR FOOD INSPECTION

At a meeting of the board of health held at their offices Tuesday night several matters of interest were discussed by members for long discussion and final reference to conference. It was decided that the enforcement of the recent ordinance passed by the common council relative to the inspection of food factories in other cities is impossible without provision for funds.

It was advocated to have all children suffering from whooping-cough and other contagious diseases labelled with a button. This expedient was deemed impracticable and a further conference of inspectors and physicians will be held to devise some better scheme of protecting the public. It was decided to advertise for both five and ten year bids for the collection of garbage in the city of Bridgeport. The present contract held by John T. King expires early in November. Bids will be opened October 23.

Property controlled by Percy P. Anderson, residing in ill condition caused a special order of the board to issue that the nuisance may be abated.

A proposition was submitted that the common council be petitioned to build the new slaughter and ice houses adjoining so a saving in refrigeration may be accomplished.

War is to be used a lot in trimmings agencies this winter. It helps create a respectable bill that persuades the wearer of the value of the purchase.

JITNEUR OVERCROWDS CAR; FINED IN COURT

Judge Frank L. Wilde in city court today imposed a fine of \$2 on Edward Johnson, 734 Lafayette street, a local jitneur, arraigned for violating the city ordinance relative to overcrowding his jitney. Three passengers were threatened in the superior court by Frank Carmalino and by members of a band of Italian criminals I have long sought to convict in this city.

"The 'disgraceful' conduct reported in the superior court arose from the fact that upon being informed the death sign had been passed to me I returned to Carmalino and told him plainly that he was convicted and that he might as well disclose the names of others in the gang working with him; also that I was not afraid of being done to death in the cowardly manner that was disclosed to me in the courtroom."

Petruschell refused to discuss the facts of either charge further than to give the above statements.
